MEMORANDUM FOR THE RECORD:

SUBJECT: Inspector General contact

Today I received a phone call which went like this:

"Hello [REDACTED] This is [REDACTED] Office of the I.G. Mr. Stewart would like to talk with you about your favorite subject. He was hoping you could drop in to see him this afternoon but didn't realize you were out in Rosslyn. His schedule is tight for Thursday. Can you come out on Friday after his morning staff meeting, about 9:30"?

I acknowledged that this would be fine. I would look forward to the opportunity and was there any particular element of the Records Program he would like me to get some references on.

[REDACTED] said there were none I needed. Mr. Stewart was doing a little private research of his own and would like to ask me a few questions about the Program. He has been examining the past studies done by his Office including the one by [REDACTED] and others.

I said I would be there on Friday but did not ask if this contact was actually to be considered "private" research.
